**10 INDICTED IN CHICAGO FOR ELECTION FRAUDS**

CHICAGO, Sept. 19.—The special grand jury investigating alleged election frauds of last November, today returned indictments against 10 men, charging that they altered ballots in favor of Macley Hynes, the Democratic candidate, who was elected state's attorney.

Among those named are Thomas J. Johnson, former assistant county attorney, and Joseph O. Koster, deputy commissioner of public works.

**ELECTRICAL WORKERS MAY ESTABLISH HOME**

BOSTON, Sept. 19.—A proposition to establish a home for disabled members was the most important subject considered at today's session of the international convention of the Brotherhood of Electrical Workers.

**Weak, Cold Spells**

Wilmington, N. C.—Mrs. Cora L. Ritter, of this place, says: "I used to have headaches and blind dizzy spells, and weak cold spells went all over me. I had different doctors, but they were unable to tell me what was wrong, so I began to take Cardui. I am now all right, in good health, and better than I have been for 10 years." Cardui is a remedy for women, which has been helping sick women for nearly a lifetime. You can absolutely rely upon it. Other people have done the testing, and you should profit by their experience. Cardui has benefited a million women. Why not you? Begin taking Cardui today.

**VAN E LOSES SUIT VS. THE MOFFAT ESTATE**

DENVER, Sept. 19.—The suit of Reginald Valle of London against the executors of the David H. Moffat estate for \$2,000,000, which he claimed as commission and reimbursement for time and expense in attempting to finance the Denver, Northwestern and Pacific railroad—now the Denver and Salt Lake—was dismissed in the United States district court today because Valle had not provided sufficient security for costs. On April 28, an order was entered, giving the complainant 60 days to furnish the required bond. He failed to do so.

**About to be Sentenced For Life Imprisonment, When He Is Discharged**

LOS ANGELES, Sept. 19.—While standing before Judge Grant Jackson of the superior court, to be sentenced to life imprisonment for murder, Edward Murillo, a young Mexican, was suddenly made a free man today. As the judge started to pronounce sentence, W. J. Ford, assistant district attorney, rushed into the court room and announced that he had found evidence supporting Murillo's contention that he had taken life in self-defense. Judge Jackson immediately discharged Murillo.

**RADICAL SOCIALISTS ARE DEFEATED IN GERMANY**

JENA, Germany, Sept. 19.—The radical section of the Social Democratic party suffered a second defeat at today's election of the National Socialist party. The party's defeat was a result of the party's failure to secure the approval of the party's platform. The party's platform was rejected by the party's members. **WOMAN TOOK FRIEND'S ADVICE**

And Found Herself in Lydia E. Pinkham's Vegetable Compound.

Windom, Kans.—"I had a displacement which caused bladder trouble and I was so miserable I didn't know what to do. I suffered from bearing down pains, my back hurt, I was nervous, dizzy and irregular and had female weakness. I spent money on doctors but got worse all the time."

"A friend told me about the Pinkham remedies and I took Lydia E. Pinkham's Vegetable Compound and was cured. I cannot praise your remedies enough for I know I never would have been well if I had not taken it."

—Miss Mary A. Hornum, Route No. 2, Box 41, Windom, Kans.

**Consider Well This Advice.**

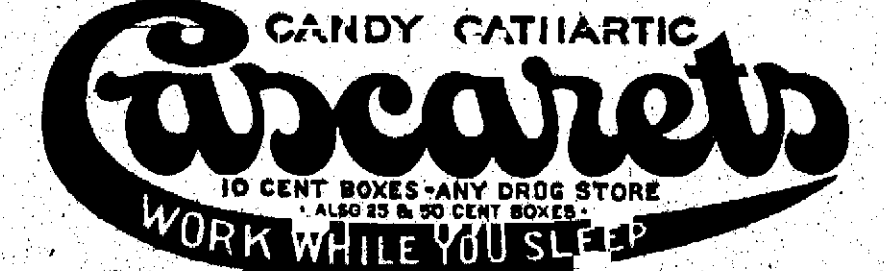

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for nearly forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co., 222 Central Bldg., Lynn, Mass. Your letter will be answered, read and answered by a woman and held in strict confidence.

**FEEL HEADACHY, DIZZY, BILIOUS? CLEAN YOUR LIVER! A DIME A BOX**

Sick headaches! Always trace them to lazy liver, delayed fermenting food in the bowels or a sick stomach. Poisonous, constipated matter, gases and bile generated in the bowels, instead of being carried out of the system, is reabsorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, sickening headache. Cascarets will remove the cause by stimulating the liver, making the bile and constipation poison move on and out of the bowels. One taken tonight straightens you out by morning—a 10-cent box will keep your head clear, stomach sweet, liver and bowels regular, and make you feel bright and cheerful for months. Children need Cascarets, too.

**REMAINS OF LATE MAYOR GAYNOR IN BROOKLYN HOME**

NEW YORK, Sept. 19.—The body of William Gaynor, mayor of New York, who died at age September 10, lay today in the privacy of his Brooklyn home. In a drizzling rain it was lowered at 4 o'clock this morning from the high deck of the liner Lusitania to the city's boat, Corvett. Through a mist that lay heavy over the harbor the collection steamed an hour and a half later to pier A, at the Battery. There a picked squad of 100 police who had stood all night in the rain, formed its escort to Brooklyn.

The funeral ship glided into the harbor and at 9 o'clock at anchor at half-mast. A dozen steward sailors carried the body in its heavy lead casket from the mortuary chapel to the deck. The carpet of flowers under which it lay was removed and only the great American flag, placed over the casket at Liverpool, covered it as a windmill lowered it slowly 26 feet down an inclined plane to the deck of the Corvett.

Aboard the smaller boat the body was taken to a heavily draped catafalque in the center of the upper deck on which rested a coffin. The body was placed in the coffin and a branch of the American flag was placed above it. The Corvett cast off and weighed anchor a short distance away, awaiting the coming of day.

**I. O. O. F. GRAND LODGE TURNS DOWN SCHEME OF SISTER REBEKAHS**

MINNEAPOLIS, Sept. 19.—The attempt of the Rebekah branch of the Independent Order of Odd Fellows to establish a secular assembly was voted down by the sovereign grand lodge today. Further consideration of the proposed plan was postponed indefinitely. The action of the grand lodge puts an end, temporarily at least, to a long cherished hope of the women's branch of the order.

**BAKER BEATS MURPHY, YOAKUM WINS FROM "RED" BUTLER OF K. C.**

DENVER, Sept. 19.—In an all-star card here tonight, Howard F. Baker, a former champion, gave the decision over Tommy Murphy of Chicago, after 15 rounds of slow fighting. Stanley Yoakum of Las Vegas, N. M., was given the decision over "Red" Butler of Kansas City, at the end of 10 rounds of scuffling fighting, and "Battling" Chico of Albuquerque, N. M., and Earl Porter of Denver drew at the end of 10 rounds of very clever fighting.

The bout between Baker and Murphy was a gory one. Baker opening up an old cut over Murphy's eye early in the fight. Murphy was unable to move Baker's defense, who continually covered up to avoid punishment. The decision was a popular one. Yoakum gave Butler a great lacing from start to finish, being stronger, and easily avoided Butler's rushes.

The Chico and Porter bout was fast from start to finish, and a hair line decision would have been in Chico's favor, who finished fresh and showed little effects of the fast work. Referee Pollock's decision on all three bouts met with the unanimous approval of the large crowd present.

**Spring Men Invited**  
**to Dinner in Denver**

Secretary A. W. Henderson is in receipt of a letter inviting all members of the Colorado Springs Chamber of Commerce and others interested to attend a dinner to be given in Denver for the boys of the Colorado Springs Camp of Disposition.

This special train, which is run by the Union Pacific railroad, carries a party of the boys of the Colorado Springs Camp of Disposition on a trip through Kansas and Colorado. The purpose of the trip is to develop the raising of livestock, alfalfa and forage crops. The experts lecture to the farmers and compare tests and experiments in the various localities on route.

There will be a special dinner for the members of the party at the Traffic Club in the Chamber of Commerce building, Denver. Short talks are to be made by the leaders of the party, including a speech by Governor Hiram Wood. Reception yesterday had no idea of the number that would go from Colorado Springs but thought that some members of the Chamber of Commerce would probably attend.

**BOYS SHOW INTEREST**  
**IN WORK AT Y. M. C. A.**

Work in the boys' department of the Y. M. C. A. is going forward with a vim. The curvogue tables have been overhauled and put in good shape for the coming tournament, and the box ball alleys have also been repaired and are in first-class condition for the high and low score tournaments, which begins October 1.

Work in the Bible classes will begin October 1, and many of the boys have already signified their intention of joining a class. Extensive plans are being made for another whirlwind campaign.

**Good Time Now**  
**for Blood Health**

Blood Disorder Gone to Sleep.

A few doses of that wonderful blood purifier, S. B. S., will start activities in the cellular tissues of the body and soon show decided changes in the skin. The skin is but a fine network of tiny blood vessels, and the specific action of S. B. S. is declared to be a pronounced stimulation of the activity of these cells. Certain it is that in a surprisingly short time any skin eruption shows a most remarkable change; it begins to dry up, the skin scales off in tiny flakes, and soon a layer of clear, healthy and firm tissue results. The reason for this is in the peculiar stimulation of S. B. S., which enables the cells in the skin to select from the blood the nutrient it requires for regeneration.

Latest Model Fails to Appease Lady When She Catches Glimpse of Fateful Figures

A lady and an automobile dealer engaged in an argument yesterday at the latter's garage. She held that he did not know what he was talking about, while he assured her that he did. The talkfest started in this way: She asked to see a 1914 model car. Accordingly, the dealer led her to the front of the shop and pointed out a handsome touring car with highly polished sides and shining nickel trimmings. But she shook her head in contradiction. She was wise—he couldn't tell her any pipe dreams, and she said as much. She had the proof on him that he was trying to gold-brick her. Leading him to the rear of the car, she silently, and with a scornful look of condemnation, pointed to a tag on the axle. There, in plain view were the figures "1913" marked in shining white.

Y. W. C. A. Girls Impose Handicap and Take Second Game of Double Header at Y. M. C. A.

The parlors of the Y. M. C. A. building, gayly decorated with autumn leaves and vines, were the scene of some 250 young people last evening. The affair was a joint party between the Y. M. C. A. and Y. W. C. A., and officially opened the social year for the men's association.

The features of the evening were the two volleyball games between players from the two associations. Miss Elizabeth Davis, captain of the girls and George H. John led the men. In the first contest the boys won by the score of 21 to 17. The girls played a close game, but the boys won by the score of 21 to 17.

During the evening several numbers were played by the Y. M. C. A. orchestra and the following program was given: Cornet solo, Dr. Dreihaus; vocal solo, Mr. Hemus; reading, Miss Sturdevant; violin solo, Eugene Burt; vocal duet, Mr. and Mrs. Bybee.

The building was owned by Mrs. Adelaide Fullerton, and during the summer the second floor was rented by Kunkle as a boarder's alley.

**DICKENS FOUND GUILTY**

Samuel R. Dickens was last night found guilty by a jury in the district court of an attempt to commit a statutory offense against a 17-year-old girl. The argument of the case yesterday afternoon was marked by frequent clashes on the part of the opposing attorneys. Dickens is under bonds and it is understood that an application for a new trial will be filed in his behalf. The jury returned its verdict shortly after 9 o'clock last night.

Three-Day Session of School and College Instructors Started Yesterday; Talk Over Magazine Criticism

Criticism of the public schools by the great national magazines of today formed the topic for discussion at the opening session of representatives of various schools and colleges in the state yesterday at the Plaza hotel.

An ideal scheme for the better education of students in the schools and colleges is being worked out, and 300 teachers in some of the schools represented will be discussed at length. An education that will lead to the greatest efficiency in practical life is the goal toward which the educators are working.

Other delegates last night tendered a banquet to the visitors at the Plaza. This morning President William F. Bloom of the college will take the visitors on a tour of inspection over the campus, plant and through the gymnasium, and under construction. Among those attending the conference are:

City Officials Want Public to Offer Suggestions as to Best Method of Removing Refuse

With the present contract, considered highly inadequate by health officials, expiring next Monday, the city council, at a meeting yesterday, renewed the discussion of the best means of disposing of city garbage in an endeavor to decide upon a method which will be efficient and at the same time inexpensive. The matter was referred to the committee of the whole, which will meet next Wednesday afternoon at 2 o'clock. All persons interested in the question are invited to attend the session and participate in an open discussion.

The present contract is with the El Paso County Utilization company. It provides for the collection and disposal of garbage by the company, and binds the city to pay a bonus of \$100 a month in addition to giving the company the garbage as food for swine.

**Worth Weight in Gold**

Abingdon, Va.—Mrs. Jennie McCall, of this place, says, "I had been troubled with female complaints for over ten years. I could not walk or stand on my feet, and had been almost confined to the house for a long time. I began to take Cardui, the woman's tonic, and now I can walk anywhere I want to go. Cardui is worth its weight in gold." This is a high estimate on a plain, herb medicine, yet there are thousands of women who would gladly pay this price for a remedy to relieve their suffering. **MISSIONARY PICTURES**  
**LIFE IN FOREIGN LAND**

Stanley A. Hunter Has Much of Interest to Tell of Years Spent in Hindustan

Stanley A. Hunter talked entertainingly on "Hindustan and the Himalayas" last night at the First Congregational church. During the course of the lecture he showed about 15 colored stereopticon views of scenes which he visited during his two years as teacher in the Arthur Ewing Christian college in Allahabad, under the North India Presbyterian mission.

This is the centennial year of the Protestant missionary enterprise in India and Mr. Hunter spoke of the great preparations which the Congregational missionaries are making toward celebrating the anniversary in a fitting manner. The Rev. Henry Fairbank of Ahmednagar, the foreign representative of the Colorado Springs church, is in charge of the coming celebration. Special meetings are to be held in his section and by Bombay to commemorate the work of Gordon Hall and Samuel Mott, the two pioneers of the mission. It took them nearly six months in a sailing vessel to reach India; now the journey is made in 28 days.

**Church Has \$17,000 Members.**

Mr. Hunter sketched the progress of missions in the century and said that in place of those two American pioneers, there are at work in India today 1,515 men and women from the United States and Canada in school, hospital, asylum, printing shop, and church. They care for a church with \$17,000 members. All told, India has 3,500,000 Christians but this is as yet only one out of a hundred of the population.

"Christian ideas and ideals," said Mr. Hunter, "are permeating India, and Christianity is making encouraging progress." He spoke of the work of the mission college in which he taught and showed 25 pictures of his summer vacation in Kashmir, when he took a 400-mile trip back of the railroad in the world's highest mountains. Concerning the Himalayas he said:

**BIG DELEGATION EXPECTED**  
**TO ATTEND ROAD MEETING**

The city committee of Commerce good roads and automobile committee, consisting of F. L. Rouse, E. A. Swanson and G. W. Blake, held a meeting yesterday afternoon to consider means and methods of inducing a large number of the members of the C. C. A. to attend the good roads rally and convention meeting in Pueblo, September 26-28. While no definite plans for the trip were made, it was the opinion of the committee that a large delegation of automobile men and others would go from here. The associations of several sections of the state will meet at the Pueblo convention.

**NEED OF CAST-OFF CLOTHING**

Calls for clothing for children of school age are coming into the office of the Associated Charities with increasing frequency. W. F. Worcester says that the association never receives enough clothes of the small boy and girl size to supply the demand. As yet there have been no cases reported where children have had to stay out of school because of inefficient clothing, but such things have happened in years past. This is why Mr. Worcester is especially anxious to have people who have discarded or outgrown children's clothing bring them in to the Associated Charities rooms.

**SEES SNOW FALL FIRST**  
**TIME IN THREE YEARS**

Sven Carlberg of West Palm Beach, Fla., has returned to the south, after spending several days in this city. In commenting on the tourist season, he remarked that while the season here in the Pikes Peak region is drawing to a close, this is the time of year that the season at Palm Beach, which is a winter resort, is just starting. Mr. Carlberg visited the Peak while here and says it is the first time he has seen snow and has been really cold for three years.

## UNKNOWN AMERICAN YOUTH IS GOLF HERO; TIES ENGLISHMEN FOR U. S. OPEN CHAMPIONSHIP

*Francis Ouimet, 20 Years Old, Arouses His  
Friends by Wonderful Playing  
Against British Cracks*

BROOKLINE, Mass., Sept. 19.—An American youth is skipping scarcely out of his teens carved a niche for himself in international sporting history here today. Francis Ouimet tied with England's famous professional golfers, Harry Vardon and Edward Ray, in the final round of the national open championship. As the result of his exhibition of nerve and golfing skill he will be America's sole representative in 18-hole three-ball medal play off of the tie which exists tonight between the two, each of whom turned in a card of 304 for 72 holes contested in the last two days.

Ouimet's performance today lifted the nineteenth annual open tournament of the United States Golf Association out of the usual classification accorded a national championship and brought the contest to a standard little short of other international competitions. Of the half dozen homebred and transplanted professionals not one could keep pace with Ray and Vardon and all hope of retaining the titular honors appeared lost until Ouimet was found making his lone stand mid rain and mud against the two older players.

Ouimet had a royal following. He came home in steady style, getting a 36 for a forenoon card of 74, which tied him with Ray and Vardon at 225 for 54 holes. Right there the gallery began to sit up and take notice. To pick up four strokes on Vardon and two on Ray was a feat that aroused the greatest interest.

When the Woodland club amateur started out on his afternoon round 3,000 shouted over fairness and rough in his wake. At the start he took a five because of two putts on the green. He got pairs until the fifth, where he took two to get out of a sand pit and two putts for a six. More trouble came at the eighth when he sliced into a trap and took four to the green and two to hole. He turned for home with a 43 and many of the gallery took heart for it was known that Ray and Vardon had finished and were tied with 304.

Ouimet appeared to crack here, pulling his shots and putting poorly. Five and four were marked on his card until he reached the 15th. Then the Brookline youth arose to the occasion. He took the 16th in par three. On the 17th he holed in three, one under par and tied off by making a three to win the title and a four to tie.

It was a cliff new to golf in this country, and even Ray and Vardon, who were trailing along amid the spectators, gripped their pipes until the stems threatened to snap under the strain of the clenched teeth. When Ouimet finally holed in with the four that tied him with this great pair of golfers the two Englishmen looked at each other and nodded a silent approval that was followed a moment later by hearty praise.

Ouimet is nearing 21 and was both in Brookline, where he attended school until a year or two ago. At present he is employed by a Boston business concern, but while he was attending public and high school here he played and caddied on the "country" club courses.

As the result of today's triple tie the first three prizes will go to Ray, Ouimet and Vardon.

### GREINER MAY MEET MOYER

John Greiner, the Pacific coast champion wrestler, who is on a transcontinental tour, meeting all comers, failed in closing for a match with "Fats" Wilson, and now proposes to take on Prof. W. E. Moyer, who had pointed to wrestle him provided he defeated Wilson.

### PUEBLO RACING RESULTS

PUEBLO, Sept. 19.—The closing day of the Santa Fe racing circuit at the Colorado state fair presented the following results:

First race, 2:24 pace, purse \$500. One mile—Limited, first; Jim McConn, second; Frank H. third. Time, 2:19.4.

Second race, free-for-all trot, one mile, purse \$500. Otto F. first; King Rocket, second; Little Bernie, third. Time, 2:24.4.

The Gans-McGovern "fight" at Tattersall's was on the level, although Joe wouldn't have been knocked out if he hadn't wanted to be.

## ZOOZ PLAY TOMORROW HASWELL WINS TITLE

Local Baseball Season Will  
Last Fortnight; Play Den-  
ver Next Sunday

With the baseball season fast nearing its end, the Zooz will clash tomorrow afternoon with the West Hotel team of Denver. At afternoon tonight's ball park, and a fast game is promised. The visitors, although they have never played here, are considered the chieftains of the semiprofessional teams not in the championship series, and for this game they have loaded up with a crack battery in the hope of doing what no Denver team has been able to do in over two months—beat the locals.

If the weather does not get windy, games will be played for a couple of Sundays yet, provided the attendance at tomorrow's game indicates that the fans want to see baseball as long as it is still summer. The card for a week's Sunday will probably be the winners of the Denver city championship series.

In yesterday's game in the Pueblo tournament the Zooz was again upset when the Haswell team, made up of players from several towns on the Santa Fe, on both sides of the Kansas state line, beat La Junta by a score of 8 to 3.

J. A. Carnall vs. H. G. Lunt.  
C. T. Armstrong vs. R. M. Gardiner.  
C. T. Felt vs. S. L. Caldwell.

Sixteen are to qualify. The first round will be played next Saturday.

V. M. C. A. golfers will have a one-club match this afternoon at 2 o'clock on the association course near Beth-el hospital. Eighteen entries have been handed in for the event. It will be a nine-hole affair and a cup will be presented to the winner.

## Terrors Meet East Denver on Saturday September the 27th

The first football game of the season will be played at Washburn field next Saturday, when the Terrors will meet the East Denver high school team.

According to reports the East team is a speedy one and threatens to take the Denver title this fall.

The Terrors finished their first week's practice last night with some scrimmage work. Although the squad has been out but a short time Coach Acker believes that by next Saturday they will be ready to eat meat.

I am ready to send my team against any high school team in the state, right now. And what's more, I believe we can beat any team in the state," says Dr. Acker, of course like.

Dr. Acker is going to slip something pretty fiery over this fall with the Terrors crew. If a game can be arranged locally, fans will be given a chance to see some fast, open football that will surprise them.

WASHINGTON, Sept. 19.—Pitcher Love, a recruit from Atlanta, who stands 8 feet 7 inches, started his first game for Washington today and was returned the winner over Detroit, 2 to 1. In the last game of the season between the two teams, the tall pitcher was hit hard and got into many holes during the seven innings he was on the mound. Detroit had 13 men left on bases, 11 of them being stranded during Love's regime; the hit needed to win always falling to materialize. Boehling pitched the last two innings for Washington and held Detroit safe. Comstock, who started for Detroit, pitched good ball for seven innings and ordinarily would have won his game. He gave way to a pinch hitter.

## BURMAN'S CAR IS WRECKED; DRIVER IS BADLY INJURED

YPSILANTI, Mich., Sept. 19.—Run-ning at a high rate of speed, Burman's racing automobile, driven by his mechanic, Carl R. Klein of Fresno, Cal., crashed through a fence near here this evening, turned turtle and rolled down a steep embankment.

Klein caught in the debris, was seriously injured and may die. Edward Konarsky of Detroit, who was riding with him, was tossed from the machine. He sustained a broken arm and numerous bruises. The car was wrecked.

Klein was taken to a hospital at Ann Arbor. Late tonight he had only partly regained consciousness. He is believed to be injured internally.

Klein was driving the car to Fort Wayne, Ind., where Burman was scheduled to race tomorrow. It is claimed they had been delayed in starting from Detroit and were attempting to make up lost time. When they neared a point where a traffic and an interurban bridge turn from the main road at different angles, Klein mistook the interurban bridge for the other. When Klein saw his mistake he turned off the road. His car struck a post, rolled over and was through the fence before Klein could regain control.

## Commission Hands Down 3 Findings

CINCINNATI, Sept. 19.—The national baseball commission handed down three findings today, the most important of which sustained a decision by the national board in regard to the appeal of the Norfolk club of the Virginia State league. The commission affirmed the decision of the national board in awarding Player Harry Kunkel two weeks full salary and a physician's bill, minus \$45 which was paid the player when he was released by Norfolk. The player's claim was that he was injured while in the service of the Norfolk club and the Norfolk club was ordered to settle.

The commission refused a rehearing to the Savannah club in the case of Player Adams. Adams was sold to the Philadelphia American league club after the time limit set by the national agreement for selling players. This limit is 15 days previous to the close of a league's season. The Adams sale in a previous finding was declared null and void.

The contention of St. Player C. J. Flanagan of the St. Louis American league club, that the St. Louis club contracted to pay him \$250 a month, but had only paid him \$100 a month and owed him the balance, was dismissed by the commission on the ground that a player coming from a minor league club cannot be paid for the first 45 days more than 25 per cent increase of the salary he was earning while a member of the minor league club. Flanagan was making \$50 a month while with the San Diego club when he was sold to the St. Louis American.

## FIST FIGHT NEARLY STOPS BALL GAME

Pirates and Phils Battle Long  
and Hard; Former Win  
in Ten Frames

PITTSBURGH, Sept. 19.—Pittsburgh took the first game, 3 to 2, in 10 innings from Philadelphia this afternoon and the second was called at the end of the ninth on account of darkness with the score tied at 3 runs each. Both teams put up a scrappy fight and a fist fight was narrowly averted in each contest. In the tenth inning of the first game Laderus lost his temper when Hendrix, who was first base, and hit Hendrix in the back with the ball. They started for each other but umpires and players intervened. Each was put out of the game.

In the second game Becker in sliding into third brought his foot against Dolan's stomach. Words followed and the two made a rush, but Umpire Brennan threw his bulky frame between them and the players pulled them away. Both continued to play and kept up their jabber at each other throughout.

With the score tied at one each in Philadelphia's half of the tenth inning in the first game Sherwood Mackee stole home. With one man out in Pittsburgh's half Carey singled, went to third on Dolan's double and scored on a fly out. Wilson then singled, scoring Dolan with the winning run. Hendrix pitched a fine game and had the better of Mayor.

The visitors scored three runs by hitting Connelman, an Atlanta pitcher, in the second inning of the second game and running wild on the bases. Pittsburgh tied the score by bunting hits off Seaton in the fifth. McQuillen and Seaton then battled to no result until dark.

## C. C. SCHEDULE SLIM FOR LOCAL FANS; ONE BIG GAME AT C. S.

Alumni Starts Things Oct. 4;  
May Persuade Aggies to  
Come Here

With a good team outlook, Colorado college fans are none too enthusiastic over the football schedule this fall. Three dates have yet to be filled, and only two games have been arranged for Washburn field—Wyoming, October 11, and Utah, October 18. The Utah game looks like the last one for fans here, although the management is trying to patch up matters with the Aggies and bring the Farmers here November 22. The Thanksgiving day date is still unfilled, and although the management is in communication with Missouri valley conference teams, nothing has been definitely settled.

Football is the best-paying sport at the college, and it helps to carry the other sports through the year. It is a money-making game, with a number of wood games on Washburn field, the treasury of the athletic association was boosted considerably, and if the game could be secured here this year, the fans would support them at least, they did last year.

The schedule is as follows:

Saturday, October 4—Alumni, on Washburn field.  
Saturday, October 11—Wyoming, on Washburn field.  
Saturday, October 18—Utah, on Washburn field.  
Saturday, October 25—Open.  
Saturday, November 1—Colorado university, at Boulder.  
Saturday, November 8—School of Mines, at Denver.  
Saturday, November 15—Denver university, at Denver.  
Saturday, November 22—Open date.  
Thanksgiving day, Thursday, November 27—Open date.

## Carl Morris Ends Hopes of Reach; Anesthetic Delivered to the Jaw

NEW YORK, Sept. 19.—Carl Morris, heavyweight of Scraps, Okla., knocked out Al Reich of this city in the second round of a scheduled 10-round bout here tonight.

A hard right to the point of the jaw after Reich had been worn down by body punishment, ended the bout. This was Reich's worst professional bout, as he made his debut a week ago when he defeated Sailor White.

Morris, who weighed 235 pounds, had an advantage of 26 pounds, and showed considerable improvement both in ring tactics and physical condition. He began the bout with a stiff right to the head and landed lefts and rights to the body before Reich got to his feet.

Morris looked right and left blows. Reich looked right and left blows. Reich looked right and left blows. Reich looked right and left blows.

In the second Morris stepped in with a straight left to the face and then went in left and right in the head. Reich only partly stopping the blows, Morris kept his man on the defensive and administered severe body punches. As they came out of a clinch Morris went in the finishing blow. Reich was apparently conscious of his surroundings, but made no effort to get up until after the count.

"THE WOLF" TODAY

Those who see "The Wolf" at the Opera house today, matinee and night, will find themselves in the vast woodlands of northern Canada, where the breezes are fragrant of pine. It is autumn, and the scene that is laid before the eye is the clearing in front of the house of old MacTavish. His is a lonely home. There only lives with him his daughter, golden haired Hilda. His house becomes the rendezvous for a party of American engineers, led by McDonald, the genius of the wilderness, the man whose acute, broad mind makes it possible for the building of railroads over steep mountains and through valleys. In his profession a giant, in his moral nature a satyr is McDonald. And even as he is a guest at the house of MacTavish, there are two men at his elbow who have for two years been hunting him—men who have a single idea as to what they will do when they meet him. They are resolved to kill him. For McDonald had in years back met Annette, a pretty half-breed, (Algonquin girl & good girl, communicant of the church, more French than Indian, a child who had all the simplicity of her Indian mother, while she had the teachings of the

good Christian father of the remote parish. McDonald, conscienceless had courted her, won her confidence, betrayed her, then left her to bear her shame. And she had not been able to bear it. She had wandered, half crazed with grief and shame into a blizzard, and she had died in the swirling snow. Her half-brother, Jules Reaubien, a splendid young French-Canadian, only learned of Annette's existence when the father was on his death bed. The young man is left heir to a big fortune, and immediately starts in search of his little sister with the idea of educating her and surrounding her with luxuries. He traced the child to her home, only to discover the frightful death which she had suffered because of McDonald's treachery. He meets Baptiste LeGrande, the girl's clean hearted lover, who was to have married her, but it was while LeGrande was away in the north working for the Hudson Bay company that McDonald appeared, and with his suavities and worldliness misled the girl into believing that his love was honest and that he meant to marry her. Jules and Baptiste have been hunting the man for two years. Jules, by artful talk in which he causes McDonald to believe that he also, is a libertine,

has gotten from McDonald's own lips, the pitiful story of Annette. There is a further situation that makes Jules' anger against McDonald rise even up to the white heat that it has always been. Jules is in love with Hilda and it is plain that McDonald is seeking to injure this girl whom he has loved since Annette. He has filled her head with fascinating stories of the beauty of life in the great cities—the opera, theaters, handsome gowns, glittering jewels, etc.

This is the situation, and how it all works out forms a theme of human interest from which the attention of the audience can not be diverted while it works before their eyes to its tragic end, and this end furnishes, so it is said, one of the most tremendous emotional scenes ever presented upon any stage.

It is claimed that "The Wolf" is a big, vital, thrilling play. It has not a cheap line in it. Neither has it a hackneyed situation.

"The Wolf" is sure to meet with a hearty reception on its presentation here, its long run in New York and Chicago argues well for its drawing qualities.

## "STOP THIEF"

Kleptomaniacs is the theme of Carlyle Moore's farce, "Stop Thief." Cohan & Harris are offering their patrons this season. A kleptomaniac is defined by Webster as "a wealthy person of extraordinary absent-minded tendencies and morbid impulsiveness." The mania usually demonstrates its presence by the victim of it being discovered in making a collection of valuable articles that do not belong to him. When a poor man is caught doing the same thing he is looked upon as an ordinary thief.

There are two kleptomaniacs and a real crook in "Stop Thief." One of them is a millionaire, the other his prospective son-in-law. The bride-to-be is aware of her father's predilection for stealing, but is ignorant of the fact that her future husband is so afflicted.

Into this household a real thief is smuggled by a new maid, and the plot thus tangled in the first act calls for the appearance of a battalion of policemen and the thrills begin. One valuable after another disappears in the most mysterious manner, and in the search for the culprit many funny situations are evolved.

This funny farce played a year's engagement at the Gaiety theater, New York, and was declared to be the one biggest success on the American stage, and will be presented at the Opera house for one night only on Thursday, September 25.

One of the best crook plays, and the light-fingered fraternity are some popular these days, presented since the vogue for stage rogues came in fashion, is "Stop Thief," the new farce written by Carlyle Moore, and presented by Cohan & Harris.

"Stop Thief" doesn't shatter stage ethics in its presentation, neither does it set up any new dramatic canons, but it makes an audience laugh for two hours and a half as no audience ever laughed before, therefore it is a great big popular success.

## "THE BIRD OF PARADISE"

Life in the Hawaiian Islands, as seen with the naked eye, is the feature of "The Bird of Paradise." Richard Walton Tully's latest play that will be seen at the Opera house on Saturday evening, September 27. This charming story of Uncle Sam's possession has created favorable comment wherever it has been played. Dealing as it does with the subject of whether a woman can hold a man's love with just her lips and her arms, or whether there is something stronger than that to keep this love, is the whole subject of the play. Luana, the pretty Hawaiian girl, discovers at the end that she is wrong in thinking that that is all that a man craves, and finding out that her American husband is really tired of her and wishes to go back to his people, she turns to her people again, and appeases them by offering herself as a human sacrifice, to appease the wrath of the volcano. In order to save her people from destruction. The people artist, and electrician have outdone themselves in depicting pictures that are perfect reproductions of the Hawaiian Islands. One of the spectacular scenes is the last act showing Mt. Kilauwa in eruption. A native band of Hawaiian musicians are carried and they sing and play their plaintive music throughout the different scenes. Miss Lenore Ulrich, whom Mr. Morosco discovered last season, will be seen in the leading role of Luana, and others of the cast are made up from metropolitan favorites.
